The Palace, Mysore,

4th April 1922.

My dear Mr. Chakravarti,

I am enclosing you Mr. Madhava Rao's letter with reference to your inquiry.

The future of our Iron Works (if it has any future at all) is full of doubts, difficulties and trepidations. You might, I think, try and get your son admitted into the Technological Institute at Jamshedpur, which Mr. Madhava Rao refers to.

Yours sincerely,
